The Spiritual Care Team is here for you

The Spiritual Care Team is part of the health and social care team. We are here to support patients, relatives, visitors and staff in the context of illness, injury or loss.

We offer compassionate, person-centred care and this service is available to the whole hospital community – people of all backgrounds, faiths and belief groups and none.

The Spiritual Care Team can support you if you are:

- Feeling anxious, worried or afraid
- Dealing with a new diagnosis or difficult news
- Undergoing or recovering from surgery
- Needing support with your faith or values
- Coping with loss and bereavement
- Trying to make sense of your situation
- Simply in need of someone to listen sensitively to all you are dealing with

The Spiritual Care Team can:

- Spend time with you and listen to you
- Offer you or your loved ones emotional, spiritual or religious support
- Help you to nurture hope, to build resilience and inner strength and to feel that you are not alone
- Help you deal with loss and bereavement
- Facilitate your religious care and contact leaders from your own belief group on your behalf when required

Sanctuary Space

There is a Sanctuary on most of the hospital sites within Greater Glasgow and Clyde and you are very welcome to drop in and spend time there.

You might be looking for a quiet space, a place for reflection or for a time for prayer.

Various reading materials and religious items are available for you to use if you would find them helpful.
