Daily COVID-19 Update  
(2 April 2020, 9.00pm)

Late this afternoon we received the latest guidance on PPE from Scottish Government. We felt it important to share this with you tonight.

The following table describes some high level information in relation to the recommended PPE in acute settings which has been published today. However, more detailed information will be shared with you tomorrow.
Please remember to wash your hands

Follow the correct hand washing procedure
