Gartnavel Hospitals

Walking and cycling guide 2021

NHS Greater Glasgow & Clyde recognise that physical activity is essential for good health and encourage staff and visitors to consider walking and cycling as a great way to travel to Hospital sites. This map indicates the shared access routes to hospitals and healthcare facilities. Designated visitor cycle parking is located on most sites.

Commuter cycle training is available for NHS Greater Glasgow & Clyde staff. There are a range of training courses available from basic beginners training to advanced on-road manoeuvre training for proficient cyclists. Please note courses are arranged subject to demand.

Gartnavel Hospital Campus is well served by bus and rail travel services, within the immediate area, through major arterial routes across Glasgow and interchange with the subway at Kelvinbridge and Partick Interchange for onward connectivity. Bus services provide direct access to the main entrance at Gartnavel General.

There are three rail stations in close proximity of Gartnavel Hospital Campus, namely Hyndland, Jordanhill and Anniesland stations, with Hyndland station approximately 0.5 mile walk from the main entrance.

To plan your journey by public transport, please use www.travelinescotland.com journey planner or visit www.scotrail.co.uk

Information on planning the optimal cycle route that suits you, is available at www.cycletrees.net

Walking journey planning is available at www.walkit.com

Gartnavel Hospital has been awarded Cycle Friendly Employer status by Cycling Scotland.

Active Travel

Cycling to Work

The Cycle to Work scheme is a salary sacrifice scheme available to NHS Greater Glasgow & Clyde staff*. With the Cycle to Work scheme, you can get your bike tax-free, which for most people means they save between 25% and 32% of the cost. Loans are available up to a maximum of £4,000 to use at a wide range of retailers, including e-bikes or if you just want to purchase some new accessories. As well as saving you money, it is good for your health and the environment.
