Our older people services are located in five different areas of the Glasgow and offer those who otherwise might need to move into a Care Home the alternative of remaining in their own flat, with support 24-hours-a-day located just a few minutes from their front door. Planned support is backed up by immediate assistance summoned by alarm call facilities. We also offer Care Homes to people with mental health difficulties who need that kind of support.

| An assessment of need will be carried out in line with East Dunbartonshire criteria to determine eligibility for help to enable you to remain in your own home. Home Care Re-ablement is the initial service (approximately 6 weeks) for people referred following an assessment for a Homecare service. The aim is to support people to regain their independence. Home Care staff and Occupational Therapists work as a team to support individuals to regain skills such as washing, getting dressed, making meals, going to the toilet, mobility etc. A review takes place at the end of the 6 weeks period to decide on the long term home care needs. The Homecare service is the long term service following re-ablement period to support people in their own homes with the things they cannot do for themselves. We can arrange or provide help for individuals at home with:  
- Personal care  
- Practical tasks such as shopping, food preparation, laundry and housework. Support can also be provided for help to look after a relative or friend at home  
If you have a relative or friend who supports you, we would be happy to involve them in the discussion, if you wish. | **Hourcare 24**<br>Hourcare is a 24hours/day community Alarm/Telecare monitoring and response service. By simply pressing a button on the unit installed in your home or on a pendant worn around your neck, you are instantly in touch with one of the staff at our Control Centre who is available 24 hours a day. | **Open referral system is in operation.**<br>East Dunbartonshire Council<br>Hourcare 24<br>Broomhill Industrial Estate<br>Kilsyth Road<br>Kirkintilloch | **Open referral system is in operation.**<br>East Dunbartonshire Council<br>Hourcare 24<br>Broomhill Industrial Estate<br>Kilsyth Road<br>Kirkintilloch |

| An Acquired Brain Injury can have a devastating effect on any or all of these things, and unlike an injury to the rest of the body it may not leave a visual clue: Many Acquired Brain Injuries are hidden disabilities. Cear tas Advocacy works with Headway Glasgow to facilitate a monthly ABI social and support group called ABI Café. The group has regular visiting speakers, and there is usually a lively discussion. Staff from Cear tas Advocacy and Headway Glasgow are in attendance to offer advice, information and advocacy support. There is also a cracking range of home baking, and tea and coffee are available. | Arthritis Care acts on behalf of people of Scotland who are affected by arthritis. We provide them, their families and friends with support, understanding, information and expertise so they can cope better with the impact of the condition and get the most out of life. The support services we provide include:  
- Helpline  
- Website  
- Self Help Groups  
- Campaign networks  
- Publications  
- Pain Management Courses |
<p>| The group holds monthly meetings in the café of the Kirkintilloch Baptist Church. The venue is fully accessible, and carers and supporters are very welcome to attend. For more details, please contact us on 0141 775 0433 or email <a href="mailto:info@ceartas.org.uk">info@ceartas.org.uk</a>. The venue is fully accessible, for more information please contact Pam Thomson at Cear tas Advocacy.
