End of Life Care
December 2013

This bi-monthly bulletin covers various aspects of end of life care and should be of interest to staff working in this area. It is intended as an information tool to help you keep up to date with developments in your area of clinical expertise and interest. It is not an expression of organisational policy. The inclusion of a guideline, system, tool or similar in this newsletter does not imply that it is used, or should be implemented, within NHS Greater Glasgow and Clyde.

Many of the following articles are available online via the NHS Scotland Knowledge Network. Please use the links where provided and your ATHENS password. A complete list of available online journals and registration for ATHENS can be found at www.knowledge.scot.nhs.uk/

If the article you require is not available via the NHS Scotland Knowledge Network and you would like to request a print copy, please submit your request online at www.quest.scot.nhs.uk

This bulletin contains a selection of material gathered from a search of the evidence base, and is not intended to be comprehensive. Professional judgment should be exercised when appraising the material. The Library takes no responsibility for the wording, content and accuracy of the information supplied, which has been extracted in good faith from reputable sources. NHSGGC is not responsible for the content of external internet sites.
