This bulletin is aimed at NHS Greater Glasgow & Clyde health care professionals with an interest in burn care and/or wound management.

Many of the following articles are available online via the NHS Scotland Knowledge Network www.knowledge.scot.nhs.uk. Please use the links where provided and your ATHENS password. A complete list of available online journals and registration for ATHENS can be found at www.knowledge.scot.nhs.uk/

If the article you require is not available via the NHS Scotland Knowledge Network and you would like to request a print copy, please submit your request online at www.quest.scot.nhs.uk (NHS GGC staff)

This bulletin contains a selection of material gathered from a search of the evidence base, and is not intended to be comprehensive. Professional judgment should be exercised when appraising the material. The Library takes no responsibility for the wording, content and accuracy of the information supplied, which has been extracted in good faith from reputable sources. NHSGGC is not responsible for the content of external internet sites.

  Article title: A 2 year experience of nurse led conscious sedation in paediatric burns
  Journal title: Burns 2013

  Management of burn wounds
  Eur.J.Pediatr.Surg., 23(5), 341-348. Contact knowledge@nes.scot.nhs.uk for username and password

  Under pressure: preventing pressure ulcers in critically ill infants

### Physiology and pathology

• Authors - C. Wiegand and R. White. Article title: Microdeformation in wound healing. Journal title: *Wound Repair Regen.*, 2013

### Pressure sores and ulcers

• Authors - E. Cullen Gill and Z. Moore. Article title: An exploration of fourth-year undergraduate nurses’ knowledge of and attitude towards pressure ulcer prevention. Journal title: *J. Wound Care* 2013 22 11 618-627

Supportive care

- Authors - J. Baldwin and F. Li.
  Article title:- Exercise behaviors after burn injury
  Journal title:- J.Burn Care.Res. 2013 34 5 529-536

  Wounds that can't be seen: implicit trauma associations predict posttraumatic stress disorder symptoms
  J.Behav.Ther.Exp.Psychiatry, 44(4), 368-375.
  Order via www.quest.scot.nhs.uk

- Authors - Z. Sar, M. G. Polat, B. Ozgul, et al.
  Article title:- A comparison of three different physiotherapy modalities used in the physiotherapy of burns
  Journal title:- J.Burn Care.Res. 2013 34 5 e290-6

- Authors - V. K. Vicic, M. Radman and V. Kovacic.
  Article title:- Early initiation of enteral nutrition improves outcomes in burn disease

Treatment, non-surgical

- Abedini, F. (2013)
  Comparison of silver nylon wound dressing and silver sulfadiazine in partial burn wound therapy
  Int.Wound.J., 10(5), 573-578
  Order via www.quest.scot.nhs.uk

  Curcumin: a novel therapeutic for burn pain and wound healing
  Expert Opin.Investig.Drugs, 22(10), 1295-1303.

  Article title:- Exercise training after burn injury: a survey of practice
  Journal title:- J.Burn Care.Res. 2013 34 6 e311-7

  The enhanced Total Body Wrap-The new frontier in dressing care for burns
  Burns, 39(7), 1420-1422.

- Authors - I. Parry, S. Sen, T. Palmieri, et al.
  Article title:- Nonsurgical scar management of the face: does early versus late intervention affect outcome?
  Journal title:- J.Burn Care.Res. 2013 34 5 569-575

  Role of secondary intention healing
  Order via www.quest.scot.nhs.uk

Treatment, surgical

  Spray-on-skin cells in burns: A common practice with no agreed protocol
  Burns, 39(7), 1391-1394.
Chapman, A. J., Deschler, D., Judge, B. S. (2013). A man with severe leg burns. *Clin. Toxicol. (Phila)*, 51(9), 904-905. Keywords: sulphuric acid

Wound Care

Jones, K. R. (2013). Cochrane reviews allow firm conclusions to be made about the effectiveness of various local and systemic treatments for wounds and ulcers. *Evid Based Nurs.*, 16(4), 120-121.
• Authors - R. E. Jones, R. D. Russell and M. H. Huo.  
  Article title: Wound healing in total joint replacement  

  What is important to patients in wound management  
  *Emerg. Med. J.*

• Nagoba, B. (2013).  
  Simple and effective approach for the treatment of traumatic wounds in non-diabetic patients: a prospective open study  
  order via [www.quest.scot.nhs.uk](http://www.quest.scot.nhs.uk)

• Authors - M. Romanelli.  
  Article title: Atypical wounds. Introduction  
  Journal title: *J. Tissue Viability* 2013 22 4 91  
  order via [www.quest.scot.nhs.uk](http://www.quest.scot.nhs.uk)

  Negative pressure wound therapy: improving the patient experience Part 1 of 3  
  *J. Wound Care*, 22(10), 552-557.

• Authors - D. Upton, C. Richardson, A. Andrews, et al.  
  Article title: Wound pruritus: prevalence, aetiology and treatment  
  Journal title: *J. Wound Care* 2013 22 9 501-508

• Authors - K. Zarchi, S. Latif, V. B. Haugaard, et al.  
  Article title: Significant Differences in Nurses' Knowledge of Basic Wound Management - Implications for Treatment  
Please note that the journal articles you are accessing are subject to the terms and conditions imposed by the publisher, so there will be a limit on the number of articles an individual may download or print from a single issue of a journal. You can consult your local NHSGGC library with any queries.

If you have any questions regarding this or any other library services please contact library staff – contact details are at the beginning of the bulletin.
