This bulletin covers aspects of stroke and should be of interest to staff working with stroke patients. Topics covered include risk factors, symptom management and supportive care.

Many of the following articles are available online via the Knowledge Network. Please use the links where provided and your ATHENS password. A complete list of available online journals and registration for ATHENS can be found at www.knowledge.scot.nhs.uk

If the article you require is not available via the Knowledge Network and you would like to request a print copy, please submit your request online at www.quest.scot.nhs.uk

This bulletin contains a selection of material gathered from a search of the evidence base, and is not intended to be comprehensive.
