## **Articles:**

### **Accident Prevention**

Patel, B. *et al* Parental poison prevention practices and their relationship with perceived toxicity: cross-sectional study.

Injury Prevention 14 (6): 389-

### **Cancer**

Johnson, N. and Dickson-Swift, V. 'It usually happens in older women': young women's perceptions about breast cancer.

Health Education Journal 67 (4): 243-

Botteri, E. *et al* Smoking and colorectal cancer : a meta-analysis.

JAMA 300 (23): 2765-

### **Coronary Heart Disease**

Ibrahim, S.Y. *et al* Validation of a health literacy screening tool (REALM) in a UK population with coronary heart disease.

Journal of Public Health 30 (4):449-

Fiscella, K. and Tancredi, D. Socioeconomic status and coronary heart disease risk prediction.

JAMA 300 (22): 2666-

### **Communicable Disease**

Harper, D.R. *et al* Science into policy: preparing for pandemic influenza.

Journal of Public Health 30 (4): 373-

### **Diabetes**

Jenkins, D.J.A. *et al* Effect of a low-glycemic index or a high-cereal fiber diet on type 2 diabetes: a randomized trial.

JAMA 300 (23): 2742-

Whincup, P.H. *et al* Birth weight and risk of type 2 diabetes: a systematic review.  
JAMA 300 (24): 2886-

## **Disabilities**

Gravseth, H.M. *et al* Influence of physical, mental and intellectual development on disability in young Norwegian men.  
European Journal of Public Health 18 (6): 650-

Van Schroyen Lantman-de Valk, H.M.J. and Walsh, P.N. Managing health problems in people with intellectual disabilities.  
BMJ 337 (7683): 1408-

## **Domestic Violence**

Goebbels, A.F.G. *et al* Teachers' reporting of suspected child abuse and neglect: behaviour and determinants.  
Health Education Research 23 (6): 941-

## **Drugs and Alcohol**

Huas, C.; Hassler C. and Choquet, M. Has occasional cannabis use among adolescents also to be considered as a risk marker?  
European Journal of Public Health 18 (6): 626-

Millard, A. *et al* Measures to reduce alcohol related disorder in Glasgow city centre.  
Drugs: Education, Prevention and Policy 15 (Supplement 1): 15-

Moore, S. and Shepherd, J. Observational and methodological issues in a multi-agency community – based intervention to reduce excessive drinking.  
Drugs: Education, Prevention and Policy 15 (Supplement 1): 26-

Hackley, C. *et al* The discursive constitution of the UK alcohol problem in Safe, Sensible, Social: a discussion of policy implications.  
Drugs: Education, Prevention and Policy 15 (Supplement 1): 61-

Andreasson, S. Community-based prevention of alcohol problems: a local government responsibility.  
Drugs: Education, Prevention and Policy 15 (Supplement 1): 75-

Shepherd, S. Battle of the binge.  
Health Service Journal 11 December 2008: 20-

DeBeck, K. *et al* Public injecting among a cohort of injecting drug users in Vancouver, Canada.  
Journal of Epidemiology and Community Health 63 (1): 81-

Frisher, M. and Forsyth, A. Assessing the validity of recent estimates of problematic drug use in England.  
Journal of Epidemiology and Community Health 63 (1): 87-

Oviedo-Joekes, E. *et al* The North American Opiate Medication Initiative (NAOMI): profile of participants in North America's first trial of Heroin-assisted treatment.  
Journal of Urban Health 85 (6): 812-

Schempf, A.H. and Strobino, D.M. Illicit drug use and adverse birth outcomes: it is drugs or context?  
Journal of Urban Health 85 (6): 858-

## **Environmental Health**

Holtby, I. *et al* A *Clostridium perfringens* food poisoning outbreak associated with consumption of chicken curry supplied by a home caterer.  
Public Health 122 (12): 1311-

Thomas, H.L. and Murray, V. Review of acute chemical incidents involving exposure to chlorine associated with swimming pools in England and Wales, June-October 2007.  
Journal of Public Health 30 (4): 391-

Walker, J. *et al* The effects on health of a publicly funded domestic heating programme: a prospective controlled study.  
Journal of Epidemiology and Community Health 63 (1): 12-

Aiello, A.E.; Larson, E.L. and Sedlak, R. Bringing good hygiene home.  
American Journal of Infection Control 36 (10) Supplement 3: S153-

## **Epidemiology**

Crofts, J.P. *et al* Investigating tuberculosis trends in England.  
Public Health 122 (12): 1302-

Mateus, A. *et al* Looking for the unusual suspects: a *Salmonella* Dublin outbreak investigation.  
Public Health 122 (12): 1321-

Driver, J.A. *et al* Incidence of cardiovascular disease and cancer in advanced age: prospective cohort study.

BMJ 337 (7683): 1400-

Knox, S.S. and Echeveria, D. Methodological issues related to longitudinal epidemiological assessment of developmental trajectories in children.

Journal of Epidemiology and Community Health 63 (Supplement 1): i1-

Rosenbaum, P.L. *et al* Proposed motor development assessment protocol for epidemiological studies in children.

Journal of Epidemiology and Community Health 63 (Supplement 1): i27-

Denham, S.A. *et al* Assessing social-emotional development in children from a longitudinal perspective.

Journal of Epidemiology and Community Health 63 (Supplement 1): i37-

Cooper, H.L.F. *et al* Estimating the prevalence of injection drug use among Black and White adults in large U.S. metropolitan areas over time (1992-2002): estimation methods and prevalence trends.

Journal of Urban Health 85 (6): 826-

Reback, C.J.; Shoptaw, S. and Grella, C.E. Methamphetamine use trends among street-recruited Gay and Bisexual males, 1999 to 2007.

Journal of Urban Health 85 (6): 874-

## **Evidence Based Practice**

Owen-Smith, V. *et al* Can lifestyle surveys survive a low response rate?

Public Health 122 (12): 1382-

Reeves, R. and Seccombe, I. Do patient surveys work? The influence of a national survey programme on local quality-improvement initiatives.

Quality and Safety in Health Care 17 (6): 437-

Nieboer, A.P. *et al* A model to evaluate quality and effectiveness of disease management.

Quality and Safety in Health Care 17 (6): 447-

Lawrence, D.W. What is lost when searching only one literature database for articles relevant to injury prevention and safety promotion?

Injury Prevention 14 (6): 401-

## Health Promotion

Tannahill, A. Health promotion: the Tannahill model revisited.

Public Health 122 (12): 1387-

Reinaerts, E. *et al* Increasing fruit and vegetable intake among children: comparing long-term effects of a free distribution and a multicomponent program.

Health Education Research 23 (6): 987-

De Sa, J. and Lock, K. Will European agricultural policy for school fruit and vegetables improve public health? A review of school fruit and vegetable programmes.

European Journal of Public Health 18 (6): 558-

Raphael, D. Grasping at straws: a recent history of health promotion in Canada.

Critical Public Health 18 (4): 483-

Wise, M. Health promotion in Australia: reviewing the past and looking to the future.

Critical Public Health 18 (4): 497-

Wills, J; Evans, D. and Samuel, A.S. Politics and prospects for health promotion in England: mainstreamed or marginalised?

Critical Public Health 18 (4): 521-

## Immunisation

Lenselink, C.H. *et al* Young adults and acceptance of the human papillomavirus vaccine.

Public Health 122 (12): 1295-

Gauthier, A. *et al* Long-term clinical impact of introducing a human papillomavirus 16/18 AS04 adjuvant cervical cancer vaccine in Spain.

European Journal of Public Health 18 (6): 674-

Gehring, A. and Donaldson, C. HPV vaccination: why education is the key to ensuring it is a public health success.

Education and Health 26 (4): 77-

Kang, L.W. *et al* Hypersensitivity reactions to human papillomavirus vaccine in Australian schoolgirls: retrospective cohort study.

BMJ 337 (7683): 1392-

## Inequalities

Rowe, R.E. *et al* Social and ethnic differences in attendance for antenatal care in England.  
Public Health 122 (12): 1363-

Oliver, M.N. Racial health inequalities in the USA: the role of social class.  
Public Health 122 (12): 1440-

Smith, C.A. and Wilmott, D. Inequalities in child health up to five years: a supradistrict audit.  
Community Practitioner 81 (12): 26-

Lang, I.A. *et al* Neighbourhood deprivation and dental service use: a cross-sectional analysis of older people in England.  
Journal of Public Health 30 (4): 472-

Eikemo, T.A. *et al* Welfare state regimes and income-related health inequalities: a comparison of 23 European countries.  
European Journal of Public Health 18 (6): 593-

Stafford, M, Gimeno, D. and Marmot, M.G. Neighbourhood characteristics and trajectories of health functioning: a multilevel prospective analysis.  
European Journal of Public Health 18 (6): 604-

Bere, E. *et al* Why do parents' education level and income affect the amounts of fruits and vegetables adolescents eat?  
European Journal of Public Health 18 (6): 611-

Mitchell, R. *et al* Factors which nurture geographical resilience in Britain: a mixed methods study.  
Journal of Epidemiology and Community Health 63 (1): 18-

Huisman, M. and Oldehinkel, A.J. Income inequality, social capital and self-inflicted injury and violence-related mortality.  
Journal of Epidemiology and Community Health 63 (1): 31-

Bambra, C. *et al* Gender, health inequalities and welfare state regimes: a cross-national study of 13 European countries.  
Journal of Epidemiology and Community Health 63 (1): 38-

Ehounoux, N.Z. *et al* Duration of lack of money for basic needs and growth delay in the Quebec Longitudinal Study of Child Development birth cohort.  
Journal of Epidemiology and Community Health 63 (1): 45-

Jagger, C. *et al* Inequalities in healthy life years in the 25 countries of the European Union in 2005: a cross-national met-regression analysis.  
Lancet 372 (9656): 2124-

## **Literacy**

Friedman, D.B. and Hoffman-Goetz, L. Literacy and health literacy as defined in cancer education research: a systematic review.  
Health Education Journal 67 (4): 285-

## **Mental Health**

Kimber, B.; Sandell, R. and Bremberg, S. Social and emotional training in Swedish schools for the promotion of mental health: an effectiveness study of 5 years of intervention.  
Health Education research 23 (6): 931-

Tidemalm, D. Risk of suicide after suicide attempt according to coexisting psychiatric disorder: Swedish cohort study with long term follow-up.  
BMJ 337 (7682): 1328-

Gray, L. and Leyland, A.H. Overweight status and psychological well-being in adolescent boys and girls: a multilevel analysis.  
European Journal of Public Health 18 (6): 616-

## **Morbidity and Mortality**

O'Hara, T. *et al* Pace of change in coronary heart disease mortality in Finland, Ireland and the United Kingdom from 1985 to 2006.  
European Journal of Public Health 18 (6): 581-

Ferrie, J.E. *et al* Diagnosis-specific sickness absence and all-cause mortality in the GAZEL study.  
Journal of Epidemiology and Community Health 63 (1): 50-

Vescio, M.F. *et al* Mortality at ages 50-59 and deprivation at early and late stages of the life course in Wales.  
Journal of Epidemiology and Community Health 63 (1): 56-

Geffers, C.; Sohr, D. and Gastmeier, P. Mortality attributable to hospital-acquired infections among surgical patients.  
Infection Control and Hospital Epidemiology 29 (12): 1167-

Barone, B.B. *et al* Long-term all-cause mortality in cancer patients with preexisting diabetes mellitus: a systematic review and meta-analysis.  
JAMA 300 (23): 2754-

## **News/Editorials**

Sim, F. and Mackie, P. End of year report – could do better, much better.  
Public Health 122 (12): 1293-

BMJ 337 (7682): 1305-

Anon. The health of nations.  
BMJ 337 (7684): 1428-

Anon. Do antibiotics and alcohol mix?  
BMJ 337 (7684): 1466-

Anon. Asbestos-related disease – a preventable burden.  
Lancet 372 (9654): 1927-

Anon. Energy drinks likely to fuel flab.  
Food Magazine 83: 3-

Berkman, L.F. and Sivaramakrishnan, K. WHO Commission on the social determinants of health: a bold new venture.  
European Journal of Public Health 18 (6): 547-

Canvin, K. "There is a person behind the flab!": young people speak out about their weight problems.  
Education and Health 26 (4): 72-

Kmietowicz, Z. Gang members from Glasgow offered way out of violent lifestyle.  
BMJ 337 (7683): 1371-

## **Nutrition**

Mosdøl, A.; Erens, B. and Brunner, E.J. Estimated prevalence and predictors of vitamin C deficiency within UK's low-income population.  
Journal of Public Health 30 (4): 456-

## **Obesity**

Lahti-Koski, M. *et al* Mapping geographical variation in obesity in Finland.  
European Journal of Public Health 18 (6): 637-

## **Occupational Health and Safety**

Egan, M. *et al* Reviewing evidence on complex social interventions: appraising implementation in systematic reviews of the health effects of organisational-level workplace interventions.  
Journal of Epidemiology and Community Health 63 (1): 4-

Laine, S. *et al* Job strain as a predictor of disability pension: the Finnish Public Sector Study.  
Journal of Epidemiology and Community Health 63 (1): 24-

## **Older People**

Henkens, K.; van Solinge, H. and Gallo, W.T. Effects of retirement voluntariness on changes in smoking, drinking and physical activity among Dutch older workers.

European Journal of Public Health 18 (6): 644-

## **Patient Safety**

Healey, F. *et al* Falls in English and Welsh hospitals: a national observational study based on retrospective analysis of 12 months of patient safety incident reports.

Quality and Safety in Health Care 17 (6): 424-

Oliever, D. *et al* Do falls and falls-injuries in hospital indicate negligent care – and how big is the risk? A retrospective analysis of the NHS Litigation Authority Database of clinical negligence claims, resulting from falls in hospitals in England 1995 to 2006.

Quality and Safety in Health Care 17 (6): 431-

## **Physical Activity**

Liu, J. *et al* Physical inactivity in Canada: results from the Canadian Community Health Survey Cycle 2.2 (2004-2005).

Public Health 122 (12): 1384-

Dyment, J.E. and Bell, A.C. Grounds for movement: green school grounds as sites for promoting physical activity.

Health Education Research 23 (6): 952-

Lubans, D. and Morgan, P. Impact of an extra-curricular school sport programme on determinants of objectively measured physical activity among adolescents.

Health Education Journal 67 (4): 305-

## **Policy**

O'Connor, J.S. and Bankauskaite, V. Public health development in the Baltic countries (1992-2005): from problems to policy.

European Journal of Public Health 18 (6): 586-

## Road Safety

Pollack, K.M. *et al* Body mass index and injury risk among US children 9-15 years old in motor vehicle crashes.

Injury Prevention 14 (6): 366-

## Screening

Van Rijn, A.F. *et al* Low priority main reason not to participate in a colorectal cancer screening program with a faecal occult blood test.

Journal of Public Health 30 (4): 461-

Chaudhary, R. *et al* Opportunistic screening for Chlamydia: a pilot study into male perspectives on provision of Chlamydia screening in a UK university.

Journal of Public Health 30 (4): 466-

Malila, N. *et al* Test, episode, and programme sensitivities of screening for colorectal cancer as a public health policy in Finland: experimental design.

BMJ 337 (7682): 1341-

## Sexual Health

Sherriff, N. and Pope, R. The Lesbian, Gay, Bisexual, Trans, and Unsure (LGBTU) Youth Research Project: views and experiences of young people living in West Sussex.

Education and Health 26 (4): 63-

## Smoking

Pust, S.; Mohen, S.M. and Schneider, S. Individual and social environment influences on smoking in children and adolescents.

Public Health 122 (12): 1324-

Franz, G.A. Price effects on the smoking behaviour of adult age groups.

Public Health 122 (12): 1343-

Baillie, L.E. *et al* The pit and the pendulum: the impact on teen smokers of including a designated smoking area in school tobacco control policy.

Health Education Research 23 (6): 1008-

Murnaghan, D.A. *et al* A multilevel analysis examining the association between school-based smoking policies, prevention programs and youth smoking behaviour: evaluating a provincial tobacco control strategy.

Health Education Research 23 (6): 1016-

Piontek, D. *et al* Social contexts in adolescent smoking: does school policy matter?

Health Education Research 23 (6): 1029-

Ridout, F.; Charlton, A. and Hutchison, I. Health risks information reaches secondary school smokers.

Health Education Research 23 (6): 1039-

Al-alawy, K. *et al* Smoke-free homes: outcomes of a local service development.

Community Practitioner 81 (12): 30-

Helakorpi, S.A. *et al* Did the Tobacco Control Act Amendment in 1995 affect daily smoking in Finland?

Effects of a restrictive workplace smoking policy.

Journal of Public Health 30 (4): 407-

Elton, P.J. and Campbell, P. Smoking prevalence in a north-west town following the introduction of Smoke-free England.

Journal of Public Health 30 (4): 415-

Gotz, N.K. *et al* Changes in air quality and second-hand smoke exposure in hospitality sector businesses after introduction of the English Smoke-free legislation.

Journal of Public Health 30 (4): 421-

Jiménez-Ruiz, C.A. *et al* Study of the impact of laws regulating tobacco consumption on the prevalence of passive smoking in Spain.

European Journal of Public Health 18 (6): 622-

Pearce, J. *et al* The neighbourhood effects of geographical access to tobacco retailers on individual smoking behaviour.

Journal of Epidemiology and Community Health 63 (1): 69-

Ellaway, A. and Macintyre, S. Are perceived neighbourhood problems associated with the likelihood of smoking?

Journal of Epidemiology and Community Health 63 (1): 78-

## **Women's Health**

Elsheikha, H.M. Safer food for pregnant women: practices and risks.

Public Health 122 (12): 1407-

CARE Study Group. Maternal caffeine intake during pregnancy and risk of fetal growth restriction: a large prospective observational study.

BMJ 337 (7682): 1334-
