Articles:

Accident Prevention

Orces, C.H. and Martinez, F.J. Epidemiology of fall related forearm and wrist fractures among adults treated in US hospital emergency departments. Injury Prevention 17 (1): 33-

Cancer

Communicable Disease

Balasegaram, S. et al From containment to community: trigger points from the London pandemic (H1N1) 2009 influenza incident response. Public Health 125 (2): 72-

Communication

Hellyer, N.E. and Haddock-Fraser, J. Reporting diet-related health issues through newspapers: portrayal of cardiovascular disease and type 2 diabetes. Health Education Research 26 (1): 13-

Coronary Heart Disease

C Reactive Protein coronary Heart Disease Genetics Collaboration (CCGC). Association between C reactive protein and coronary heart disease: mendelian randomisation analysis based on individual participant data. BMJ 2011;342:d548
Lancet 377 (9767): 732-

**Diabetes**

Smith, S.M. *et al*  Peer support for patients with type 2 diabetes: cluster randomised controlled trial.
BMJ 2011;342:d715

Yeung, W.-C.G.; Rawlinson, W.D. and Craig, M.E.  Enterovirus infection and type 1 diabetes mellitus: systematic review and meta-analysis of observational molecular studies.
BMJ 2011;342:d35

**Domestic Violence**

Fanslow, J.L. and Robinson, E.M.  Physical injuries resulting from intimate partner violence and disclosure to healthcare providers: results from a New Zealand population-based study.
Injury Prevention 17 (1): 37-

**Drugs and Alcohol**

Ronksley, P.E. *et al*  Association of alcohol consumption with selected cardiovascular disease outcomes: a systematic review and meta-analysis.
BMJ 2011;342:d671

Strandberg, A.K. and Bodin, M.C.  Alcohol-specific parenting within a cluster-randomized effectiveness trial of a Swedish primary prevention program.
Health Education 111 (2): 92-

**Environment**

Yiannakoulas, N. *et al*  Child pedestrian injuries and urban change.
Injury Prevention 17 (1): 9-

Winters, M. *et al*  Built environment influences on healthy transportation choices: bicycling versus driving.
Journal of Urban Health 87 (6): 969-

Public Health 125 (2): 90-
**Epidemiology**

Finucane, M.M. *et al* National, regional, and global trends in body-mass index since 1980: systematic analysis of health examination surveys and epidemiological studies with 960 country-years and 9.1 million participants.  
Lancet 377 (9765): 557-

Danaei, G. *et al* National, regional, and global trends in systolic blood pressure since 1980: systematic analysis of health examination surveys and epidemiological studies with 786 country-years and 5.4 million participants.  
Lancet 377 (9765): 568-

Farzadfar, F. *et al* National, regional, and global trends in serum total cholesterol since 1980: systematic analysis of health examination surveys and epidemiological studies with 321 country-years and 3.0 million participants.  
Lancet 377 (9765): 578-

**Evidence Based Practice**

Saunders, M. Capturing effects of interventions, policies and programmes in the European context: a social practice perspective.  
Evaluation 17 (1): 89-

Akre, O. *et al* Differences in citation rates by country of origin for papers published in top-ranked medical journals: do they reflect inequalities in access to publication?  
Journal of Epidemiology and Community Health 65 (2): 119-

**Health Promotion**

Health Education Journal 70 (1): 92-

Health Education Research 26 (1): 89-
Immunisation

Ting, S.C.H.; Crooks, S.W. and South, G.  The effect of influenza vaccination on the incidence of chronic obstructive pulmonary disease exacerbations in the immediate postvaccination period. Journal of Epidemiology and Community Health 65 (2): 157-

Inequalities

Sacker, A.; Worts, D. and McDonough, P.  Social influences on trajectories of self-rated health: evidence from Britain, Germany, Denmark and the USA. Journal of Epidemiology and Community Health 65 (2): 130-

Duarte-Salles, T. et al  Social inequalities in health among adolescents in a large southern European city. Journal of Epidemiology and Community Health 65 (2): 166-

Mental Health

Cusimano, M.D. and Sameem, M.  The effectiveness of middle and high school-based suicide prevention programmes for adolescents: a systematic review. Injury Prevention 17 (1): 43-

Morbidity and Mortality

News/Editorials

Whitehead, M. and Doran, T.  The north-south health divide. BMJ 2011;342:d584
Renfrew, M.J.; McGuire, W. and McCormick, F.M.  Analysis article on breast feeding was misleading.  
BMJ 2011;342:d987

Mayor, S.  Study shows no difference in bacterial contamination of doctors’ wrists with short or long sleeves.  
BMJ 2011;342:d1079

Reckless, J.P.D.  Primary prevention of cardiovascular disease.  
BMJ 2011;342:d201

Anon.  No mental health without physical health.  
Lancet 377 (9766): 611-

Dallongeville, J. et al  Increasing fruit and vegetable consumption: a cost-effectiveness analysis of public policies.  
European Journal of Public Health 21 (1): 69-

Health Education Journal 70 (1): 48-

Journal of Epidemiology and Community Health 65 (2): 177-

**Older People**

Kaczorowski, J. et al  Improving cardiovascular health at population level: 39 community cluster randomised trial of cardiovascular Health Awareness Program (CHAP).  
BMJ 2011;342:d442

**Oral Health**

Journal of Epidemiology and Community Health 65 (2): 144-
Patient Safety

Benning, A. et al  Large scale organisational intervention to improve patient safety in four UK hospitals: mixed method evaluation.
BMJ 2011;342:d195

Benning, A. et al Multiple component patient safety intervention in English hospitals: controlled evaluation of second phase.
BMJ 2011;342:d199

Umscheid, C.A. et al  Estimating the proportion of healthcare-associated infections that are reasonably preventable and the related mortality and costs.
Infection Control and Hospital Epidemiology 32 (2): 101-

Physical Activity

Sørensen, J. et al  Exercise on prescription: changes in physical activity and health-related quality of life in five Danish programmes.
European Journal of Public Health 21 (1): 56-

Health Education Journal 70 (1): 9-

Health Education Journal 70 (1): 32-

Quarmby, T.; Dagkas, S. and Bridge, M.  Associations between children’s physical activities, sedentary behaviours and family structure: a sequential mixed methods approach.
Health Education Research 26 (1): 63-

De Bourdeaudhuij, I. et al  Are physical activity interventions equally effective in adolescents of low and high socio-economic status (SES): results from the European teenage project.
Health Education Research 26 (1): 119-

Journal of Epidemiology and Community Health 65 (2): 160-
Screening

Nyman, J.A. et al  Cost of screening intensive care unit patients for methicillin-resistant *Staphylococcus aureus* in hospitals.
American Journal of Infection Control 39 (1): 27-

Journal of Medical Screening 17 (4): 170-

Linsell, I. et al  Women’s preferences for the delivery of the National Health Service Breast Screening Programme: a cross-sectional survey.
Journal of Medical Screening 17 (4): 176-

Journal of Medical Screening 17 (4): 181-

Moss, E.L. et al  Implementing the national invasive cervical cancer audit: correlation between local and regional classification.
Journal of Medical Screening 17 (4): 190-

Van Leeuwen, P.J. et al  Disease-specific mortality may underestimate the total effect of prostate cancer screening.
Journal of Medical Screening 17 (4): 204-

Sexual Health

Free, C. et al  A systematic review of randomised controlled trials of interventions promoting effective condom use.
Journal of Epidemiology and Community Health 65 (2): 100-

Public Health 125 (2): 101-
**Smoking**

Hughes, S.K. *et al* Smoking behaviours, access to cigarettes and relationships with alcohol in 15- and 16-year-old schoolchildren. European Journal of Public Health 21 (1): 8-

Ficarra, M.G. *et al* Tobacco use prevalence, knowledge and attitudes among Italian hospital healthcare professionals. European Journal of Public Health 21 (1): 29-

Sun, J. *et al* Smoking in Australian university students and its association with socio-demographic factors, stress, health status, coping strategies, and attitude. Health Education 111 (2): 117-

Sun, J. *et al* Mediating effects of coping, personal belief, and social support on the relationship among stress, depression, and smoking behaviour in university students. Health Education 111 (2): 133-

Henderson, H.J. *et al* What factors are important in smoking cessation amongst deprived communities? A qualitative study. Health Education Journal 70 (1): 84-

Lawn, S. *et al* ‘I just saw it as something that would pull you down, rather than lift you up’: resilience in never-smokers with mental illness. Health Education Research 26 (1): 26-
