**Articles:**

**Child**

Bell, K.; McNaughton, D. and Salmon, A.  Medicine, mortality and mothering: public health discourses on foetal alcohol exposure, smoking around children and childhood overnutrition.  
Critical Public Health 19 (2): 155-

**Communicable Disease**

Anon.  Use of northern hemisphere influenza vaccines by travellers to the southern hemisphere.  
JAMA 302 (2): 140-

Moller, L.; Gatherer, A. and Dara, M.  Barriers to implementation of effective tuberculosis control in prisons.  
Public Health 123 (6): 419-

Rubin, G.J.  et al  Public perceptions, anxiety, and behaviour change in relation to the swine flu outbreak: cross sectional telephone survey.  
BMJ 339 (7713): 156-

Garske, T.  et al  Assessing the severity of the novel influenza A/H1N1 pandemic.  
BMJ 339 (7714): 220-

**Coronary Heart Disease**

JAMA 302 (4): 394-

BMJ 339 (7714): 219-

Lindsay, S.  et al  The health impact of an online heart disease support group: a comparison of moderated versus unmoderated support.  
Health Education Research 24 (4): 646-
Disabilities

Chen, L.-S. *et al.* Variation in the cervical cancer screening compliance among women with disability. Journal of Medical Screening 16 (2): 85-

Drugs and Alcohol

Best, D.; Groshkova, T. and McTague, P. *The politics of recovery.* Druglink 24 (4): 14-

Roberts, M. *What does the public really think about addiction and its treatment?* Druglink 24 (4): 15-

Duraisingam, V, Pidd, K. and Roche, A.M. *The impact of work stress and job satisfaction on turnover intentions: a study of Australian specialist alcohol and other drug workers.* Drugs: education, prevention and policy 16 (3): 217-

Skinner, N. *et al.* Health professionals' attitudes towards AOD-related work: moving the traditional focus from education and training to organizational culture. Drugs: education, prevention and policy 16 (3): 232-

Environment

Smargiassi, A. *et al.* Variation of daily warm season mortality as a function of micro-urban heat islands. Journal of Epidemiology and Community Health 63 (8): 659-

Epidemiology

Giraudon, I. *et al.* Large outbreak of salmonella phage type 1 infection with high infection rate and severe illness associated with fast food premises. Public Health 123 (6): 444-
Evidence Based Practice

Bywood, P.; Lunnay, B. and Roche, A. Effectiveness of opinion leaders for getting research into practice in the alcohol and other drugs field: results from a systematic literature review.
Drugs: education, prevention and policy 16 (3): 205-

Burton, P. Conceptual, theoretical and practical issues in measuring the benefits of public participation.
Evaluation 15 (3): 263-

Hurteau, M.; Houle, S. and Mongiat, S. How legitimate and justified are judgments in program evaluation?
Evaluation 15 (3): 307-

Plottu, B. and Plottu, E. Approaches to participation in evaluation: some conditions for implementation.
Evaluation 15 (3): 343-

Health Promotion

BMJ 339 (7713): 148-

Health Education Research 24 (4): 634-

Immunisation

Paavonen, J. et al Efficacy of human papillomavirus (HPV)-16/18 AS04-adjuvanted vaccine against cervical infection and precancer caused by oncogenic HPV types (PATRICIA): final analysis of a double-blind, randomised study in young women.
Lancet 374 (9686): 301-

Inequalities

Michie, S. et al Low-income groups and behaviour change interventions: a review of intervention content, effectiveness and theoretical frameworks.
Journal of Epidemiology and Community Health 63 (8): 610-
Mental Health
