Articles:

Accident Prevention

Swart, L. et al  Paraprofessional home visitation program to prevent childhood unintentional injuries in low income communities: a cluster randomized controlled trial. Injury Prevention 14 (3): 164-

Patel, B. et al  Validating parents’ self-reports of children’s exposure to potentially toxic substances within the home. Injury Prevention 14 (3): 170-

Morrongiello, B.A. et al  School-age children’s safety attitudes, cognitions, knowledge, and injury experiences: how do these relate to their safety practices? Injury Prevention 14 (3): 176-

Finch, C.F. and Boufous, S.  Do inadequacies in ICD-10-AM activity coded data lead to underestimates of the population frequency of sports/leisure injuries? Injury Prevention 14 (3): 202-

Breastfeeding

Reeves, S.  Baby-led weaning. Nutrition Bulletin 33 (2): 108-

Kronborg, H. et al  Health visitors and breastfeeding support: influence of knowledge and self-efficacy. European Journal of Public Health 18 (3): 283-

Cancer

Soetikno, R.M. et al  Prevalence of nonpolypoid (flat and depressed) colorectal neoplasms in asymptomatic and symptomatic adults. JAMA 299 (9): 1027-

Berg, W.A. et al  Combined screening with ultrasound and mammography alone in women at elevated risk of breast cancer. JAMA 299 (18): 2151-
Chan, J.A. et al  Association of family history with cancer recurrence and survival among patients with stage III colon cancer.
JAMA 299 (21): 2515-

Mullins, R.; Wakefield, M. and Broun, K. Encouraging the right women to attend for cervical cancer screening: results from a targeted television campaign in Victoria, Australia.
Health Education Research 23 (3): 477-

Moriaty, C.M. and Stryker, J.E.  Prevention and screening efficacy messages in newspaper accounts of cancer.
Health Education Research 23 (3): 487-

Journal of Public Health 30 (2): 171-

Pharoah, P.D.P. et al  Polygenes, risk prediction, and targeted prevention of breast cancer.
The New England Journal of Medicine 358 (26): 2796-

Shapo, L. et al  Barriers to conducting research on breast screening: experience from a telephone survey with non-attenders in a UK inner city borough.
Public Health 122 (3): 322-

Eadie, D. and MacAskill, S.  Symptom awareness and cancer prevention: exploratory findings from an at-risk population.
Health Education 108 (4): 332-

Child Health

Swamy, G.K.; Østbye, T. and Skjærven, R. Association of preterm birth with long-term survival, reproduction, and next-generation preterm birth.
JAMA 299 (12): 1429-

JAMA 299 (20): 2401-

BMJ 336 (7657): 1367-
Isaacs, D. Controversies in SIGN guidance on management of invasive meningococcal disease in children and young people. BMJ 336 (7657): 1370-

Communicable Disease

Bunting, C.J. Pandemic flu: Are we properly prepared? Public Health 122 (6): 591-

Li, F.C.K. et al. Finding the real case-fatality rate of H5N1 avian influenza. Journal of Epidemiology and Community Health 62 (6): 555-

Communication

Bomlitz, L.J. and Brezis, M. Misrepresentation of health risks by mass media. Journal of Public Health 30 (2): 202-

Kisely, S. Surveying the portrayal of mental illness across a jurisdiction: Is more than one method appropriate? Public Health 122 (5): 506-

Coronary Heart Disease

Peerbhoy, D. et al. Success and challenges of a community healthy lifestyles intervention in Merseyside (UK) to target families at risk from coronary heart disease. Health Education Journal 67 (2): 134-

Diabetes

Steg, P.G and Marre, M. Does PERISCOPE provide a new perspective on diabetic treatment? JAMA 299 (13): 1603-

Howard, B.V. et al Effect of lower targets for blood pressure and LDL cholesterol on atherosclerosis in diabetes: the SANDS randomized trial. JAMA 299 (14): 1678-
