**Articles:**

**Accident Prevention**

Towner, E. and Towner, J.  The hazards of daily life: an historical perspective on adult unintentional injuries.
Journal of Epidemiology and Community Health 62 (11): 952-

**Cancer**

Nutrition Bulletin 33 (4): 279-

Zhang, S.M. *et al*  Effect of combined folic acid, vitamin B6, and Vitamin B12 on cancer risk in women: a randomized trial.
JAMA 300 (17): 2012-

**Child Health**

Sturm, R. and Datar, A.  Food prices and weight gain during elementary school: 5-year update.
Public Health 122 (11): 1140-

Pettit, A.  Health visitors’ experiences of using a tool in assessing infant attachment.
Community Practitioner 81 (11): 23-

Lancet 372 (9650): 1641-

**Coronary Heart Disease**

Papakonstantinou, E. and Zampelas, A.  The effect of dietary protein intake on coronary heart disease risk.
Nutrition Bulletin 33 (4): 287-
Communicable Disease

Wenzel, R.P. et al  Screening for MRSA: a flawed hospital infection control intervention. Infection Control and Hospital Epidemiology 29 (11): 1012-

Trillis, F. et al  Contamination of hospital curtains with healthcare-associated pathogens. Infection Control and Hospital Epidemiology 29 (11): 1074-

Brület, A. et al  Fatal nosocomial Legionella pneumophila infection due to exposure to contaminated water from a washbasin in a hemotolgy unit. Infection Control and Hospital Epidemiology 29 (11): 1091-

Farley, J.E. et al  Prevalence, risk factors, and molecular epidemiology of methicillin-resistant Staphylococcus aureus among newly arrested men in Baltimore, Maryland. American Journal of Infection Control 36 (9): 644-

Ghanem, G. et al  The role molecular methods in the prevention of nosocomial methicillin-resistant Staphylococcus aureus clusters in cancer patients. American Journal of Infection Control 36 (9): 656-

Diabetes

Belch, J. et al  The prevention of progression of arterial disease and diabetes (POPADAD) trial: factorial randomised placebo controlled trial of aspirin and antioxidants in patients with diabetes and asymptomatic peripheral arterial disease. BMJ 337 (7677): 1030-

Drugs and Alcohol

Mold, A. and Berridge, V. ‘The rise of the user’? Voluntary organizations, the state and illegal drugs in England since the 1960s. Drugs; education, prevention and policy 15 (5): 451-
Drugs; education, prevention and policy 15 (5): 462-

Binge drinking today: learning lessons from the past. 
Drugs; education, prevention and policy 15 (5): 475-

Drugs; education, prevention and policy 15 (5): 487-

BMJ 337 (7679): 1150-

**Environment**

Journal of Epidemiology and Community Health 62 (11): 940-

Sonnenberg, A. Environmental influence in ulcerative colitis starts in early childhood. 
Journal of Epidemiology and Community Health 62 (11): 992-

Coyle, E. et al Transport and health: a five country perspective. 
Healthmatters 73 (Autumn 2008): 19-

Public Health 122 (11): 1188-

Public Health 122 (11): 1191-

**Epidemiology**

Lancet 372 (9651): 1733-
Evidence Based Practice

Lombardo, D. et al  An academic medical centre's programme to develop clinical pathways to manage health care: focus on acute decompensated heart failure.
Journal of Integrated Care Pathways 12 (2): 45-

Public Health 122 (11): 1177-

Ul Haq, S.M. Assessing the quality of primary studies in systematic reviews.
International Journal of Health Promotion and Education 46 (4): 139-

Health Promotion

Weichselbaum, E. Fruit makes you fat?
Nutrition Bulletin 33 (4): 343-

Lunn, J. and Foxen, R. How much water do we really need?
Nutrition Bulletin 33 (4): 336-

Health Promotion International 23 (4): 311-

Immunisation

Scottish Medical Journal 53 (4): 13-

Martin, J. Immunization and vaccination: pneumococcal disease.
Practice Nursing 19 (11): 566-

Inequalities

Journal of Epidemiology and Community Health 62 (11): 1002-

Ashworth, M.; Medina, J. and Morgan, M. Effect of social deprivation on blood pressure monitoring and control in England: a survey of data from the quality and outcomes framework. BMJ 337 (7680): 1215-

Cooper, R. et al Socioeconomic position and hysterectomy: a cross-cohort comparison of women in Australia and Great Britain. Journal of Epidemiology and Community Health 62 (12): 1057-

Eikemo, T.A. et al Class-related health inequalities are not larger in the East: a comparison of four European regions using the new European socioeconomic classification. Journal of Epidemiology and Community Health 62 (12): 1072-

Marmot, M. and Friel, S. Global health equity: evidence for action on the social determinants of health. Journal of Epidemiology and Community Health 62 (12): 1095-

Lundberg, O. et al The role of welfare state principles and generosity in social policy programmes for public health: an international comparative study. Lancet 372 (9650): 1633-

Lancet 372 (9650): 1655-

Lancet 372 (9650): 1661-

Blas, E. et al Addressing social determinants of health inequalities: what can the state and civil society do?
Lancet 372 (9650): 1684-

**Management**

Enock, K.E. and Jacobs, J. The Olympic and Paralympic Games 2012: literature review of the logistical planning and operational challenges for public health.
Public Health 122 (11): 1229-

Lancet 372 (9649): 1579-

**Mental Health**

Isaksson Rø, K.E. et al. Counselling for burnout in Norwegian doctors: one year cohort study. BMJ 337 (7679): 1146-

Pirincci, E. et al. Factors affecting health-promoting behaviours in academic staff. Public Health 122 (11): 1261-

**Older People**

Fleming, J. et al. Inability to get up after falling, subsequent time on floor, and summoning help: prospective cohort study in people over 90. BMJ 337 (7681): 1279-

**Patient Safety**

Raleigh, V.S. et al. Patient safety indicators for England from hospital administrative data: case-control analysis and comparison with US data. BMJ 337 (7680): 1219-
**Physical Activity**

Public Health 122 (11): 1257-

Heesch, K.C. and Brown, W.J.  Do walking and leisure-time physical activity protect against arthritis in older women?  
Journal of Epidemiology and Community Health 62 (12): 1086-

**Road Safety**

Bates, L. and Hansen, R.  Parliamentary committees turn road safety research and ideas into practice: examples from Australia.  
International Journal of Health Promotion and Education 46 (4): 123-

International Journal of Health Promotion and Education 46 (4): 133-

**Screening**

BMJ 337 (7681): 1283-

Goodbrand, S.A and Steele, R.J.C.  An overview of colorectal cancer screening.  
Scottish Medical Journal 53 (4): 31-

Edwards, M.  Significant event review: ensuring cervical cytology is inclusive for all women.  
Practice Nursing 19 (11): 569-

**Smoking**

Public Health 122 (11): 1210-
Hetland, J. et al. Employees’ job satisfaction after the introduction of a total smoke-ban in bars and restaurants in Norway.
Health Promotion International 23 (4): 302-

Journal of Epidemiology and Community Health 62 (12): 1051-
**Online Resources:**

*Sexually transmitted infection in black Africa and black Caribbean communities in the UK: 2008 report,* by the Health Protection Agency which details current rates of infection and past trends among these specific groups.

http://www.activescotland.org.uk/

A new website from NHS Health Scotland to promote physical activity.

A report that describes the state of the sexual health of people in Scotland.

This report is an overview of existing research about literacy and health.

http://www.nrdc.org.uk/publications_details.asp?ID=147#

This report explores the relationship between literacy, learning and health.

http://www.hpa.org.uk/web/HPAwebFile/HPAweb_C/1227688128096

This report examines the number and means by which healthcare workers in the NHS (outside of Scotland) have been infected with HIV, hepatitis B and hepatitis C.
